Presidente de la Republica,

P E R S O N A L

Your Excellency:

Senor A. Ramon Ruiz was in our Museum the other day and noticed that we had none of the modern orders and decorations of Nicaragua. He has written to you a separate letter which I am herewith enclosing. Would it be possible for our Museum to get a set of these orders?

We have on exhibit probably the largest collection of orders and decorations that there is in the world, and they attract a great deal of attention. We are trying to keep this collection up to date as much as possible and are most anxious to get all of the orders and decorations of the various countries in American. I remain,

Very truly yours,

Curator
